■ *Summer Institute challenges students to become the 'BEST'*

By Sandra Jordan
Of the St. Louis American

Thirty multicultural students from 16 area high schools are spending the next few weeks in hands-on, academic and college prep training in the BEST Summer Pharmacy Institute.

It's not simply a program to pull some of the brightest area youth together in the summer before their junior and senior years for rigorous math, science and lab activities. The

■ "Our students wanted to be challenged more – which is always good."
